

## SUDEN APPEARANCE OF WM. LOEB

Right Hand Man of Theodore Roosevelt, at Beverly, Caused Excitement

### MOTORED INTO TOWN SUNDAY NIGHT

As there had been No Warning of His Coming Curiosity was Aroused—Loeb Frankly Admits That He is at Beverly to talk Politics with the President—Governorship of New York Involved.

Beverly, Mass., July 10.—Beverly was about to tuck itself away to sleep tonight after a dull and sultry Sunday, when William Loeb, Jr., right-hand man of Theodore Roosevelt, motored into town. There had been no warning of his coming and his arrival caused a flutter of excitement second only to that on the day that Mr. Loeb's former chief in the White House visited President Taft.

Indications That the President's Rest Is Ended.

Mr. Loeb will see the president tomorrow, and it is generally expected that politics will be the subject of their interview. It will be the first politics, by the way, Mr. Taft has talked since Mr. Roosevelt's death. The president started in on a ten days' rest last week, but there are indications that the period of rest is ended, and a number of important conferences will mark the coming seven-day period. Then Mr. Taft is going to sail away "down east" in a day cruise along the shores of Maine.

Mr. Loeb Was Sent For.

Recent incidents at Oyster Bay, Mr.

Loeb declared tonight, had nothing to do with his visit. In fact, he said, that Mr. Roosevelt probably knew nothing of his coming to Beverly. It developed later that Mr. Loeb was sent for by Secretary Norton, with the knowledge of President Taft.

"I came to talk over the general political situation with the president," said Mr. Loeb when pressed for an explanation of his visit. "He has been asked, 'As a representative of the colonel' was asked.

"No, I came as the old friend and loyal supporter of President Taft."

The Governorship of New York.

So far as the possibility of Mr. Loeb's candidacy for the governorship is concerned, it was stated here tonight that it was necessary for him to come for Mr. Taft for an endorsement, for it had been known all along that Mr. Taft has looked with favor upon the reports that Mr. Loeb might be the successor of Governor Hughes.

## Train Bandits Foiled by Ruse

THREE SUSPECTS IN JAIL PENDING INVESTIGATION.

### LOOTING OF TRAIN PREVENTED

There Were Thousands of Dollars in Baggage Car, in Addition to an Unusually Heavy Mail.

St. Louis, Mo., July 10.—Cleverness by the engineer prevented three youthful and apparently inexperienced bandits from robbing the Missouri, Kansas & Texas southwestern flyer near Lamar, Mo., after midnight on Sunday. Three men were arrested later as suspects and placed in jail pending investigation.

Bandits Opened Fire on Engine Crew.

Engineer Quinn by a ruse prevented the looting of the baggage car and the passenger coaches. The bandits compelled the engineer and the fireman at the point of revolvers to descend from the cab and go with them to the baggage car to assist in looting.

While tinkering about the coupling the engineer and the fireman in the darkness managed to glide away from the bandits. The two started on a run for the cab and the bandits opened fire on them. The engineer and the fireman undeterred scrambled into the cab. The engineer threw the throttle wide open and dashed away with the train. Five miles further on at Spanaway, La., the train was stopped by a master in St. Louis and told him of the attempted robbery.

Passengers in Panic.

The shots fired during the attempted holdup set the passengers in panic. Conductor Walker devoted himself to calming them.

Bandits All Armed and Masked.

The train was in the hands of the bandits for thirty minutes. According to railway officers there were thousands of dollars in the baggage car, in addition to the mail, which was unusually heavy. The three men, all armed and masked, used a red lantern to halt the train.
